Recommendation letter for Marie

Dear,

I have known *Marie* as my Czech language teacher for 52 individual hours for October 2013 till June 2014.

As a Sales Manager for Central Europe living in Czech Republic, I was willing to learn this difficult language. First, we had a coffee to have an open talk, I explained my expectations and she told me the different opportunities I had; individual classroom, group lessons or Skype conferences. As a complete beginner I chose the individual classroom.

Every Monday and Wednesday I had my Czech lesson in her office, each lesson lengths 1 hour. *Marie* was always welcoming me with a smile and a cup of tea. She is not just only waiting for you to teach the lesson and read a textbook, she is as welcoming as professional.

Marie knows how to teach the Czech language to beginner. When I first went to the lesson I was not able to say a word, and step by step I was able to make sentences, read some articles, and understand chat between people. *Marie* is willing to help you to increase your Czech level; she is demanding but tolerant at the same time.

It was always with pleasure and motivation that I went to the lessons. Even the homework was not a problem. I remember when I was student I hated to do my exercises, but in that case it was like a game to show to *Marie* that I understood what we did last time.

I think that she has all the skills to be a good teacher; motivated, patient, professional, smiley, welcoming, demanding and she is willing to share her knowledge and culture about her country.

Her skills and motivation made her a brilliant teacher.

If you are looking for a Czech teacher, no matter if you are beginner or if you already have some backgrounds, I strongly recommend you to choose *Marie* as a teacher. She has excellent interpersonal skills and is an effective teacher.

Overall, *Marie's* enthusiasm, her remarkable ability to be flexible, her generosity, energy, high standards and dedication will make her an excellent teacher.

If you need more information, please do not hesitate to contact me.
